

ZEPHYRUS PLATFORM

HIGH POWER VISIBLE DIODE LASER MODULE

		VIOLET	BLUE	GREEN	RED
Wavelength (nominal)	nm	405nm	450nm	520nm	635nm
Wavelength range	nm	400 / 410	440 / 460	510 / 535	630 / 645
Output power free-space	W	7	40	12	7
Res. divergence full-angle	mrad	< 1.5	< 1.5	< 1.5	< 1.5
Output power fiber coupled	W	6	35	10	6
Fiber core (min) (*)	µm	200	100	100	200
Fiber NA	-	0.22	0.22	0.22	0.22
Fiber connector	-	FC	FC	FC	FC
Operating current	A	< 1.3	< 3.8	< 2.2	< 1.6
Operating voltage	V	< 40	< 40	< 40	< 25
Operating temperature (**)	°C	+10 / +30	+15 / +35	+15 / +35	+15 / +30
Storage temperature (**)	°C	-20 / +60	-20 / +60	-20 / +60	-20 / +60
Extended operating temperature (optional) (**)	°C	-	-20 / +60	-20 / +60	-
Central wavelength selection (optional)	-	-	X	-	-
Applications		Medical diagnostics Forensic Stereolithography Sensing	PCB soldering PCB cutting Stereolithography Projection Defense Plastic Welding Pumping	Medical Surgery Projection Defense Laser tag	Medical Endoscopy Physiotherapy Biostimulation Projection

Conditions unless otherwise stated: typical parameters at 25°C

* Optical fiber not included

** Not-condensing environment

TECHNOLOGY PLATFORM

Zephyrus is our technology platform for high power visible laser modules, either fiber coupled and free space collimated. Designed to meet the highest standard of reliability, robustness and long lifetime, it can be easily customized to meet specific applications' needs. Each block performs a specific optical beam shaping function, thus making the module versatile to create tailored-made OEM solutions.

FEATURES AND BENEFITS

- Fiber coupled down to 100 μ m NA 0.22
- Free space beam with low residual divergence < 1.5mrad f.a.
- Single or multiple wavelength design
- Temperature sensor, aiming beam, fiber detect
- Sealed, passive cooled housing

ACCESSORIES

Available/customized accessories for the fiber coupled module are:

- Fixed or zoom focusing head
- Collimation optics for scan head interface
- Collimation optics for long distance application, fixed or zoom
- In-line pyrometer and/or camera module for focusing head

APPLICATION TIPS

Find our application tips and insights at the following links:

MECHANICAL INTERFACE

Lyocon aims to continuous improvement of its products, so specifications may change without notice. Class 4 Laser Product.
